

Office of the President

March 11, 2020

Dear Colleagues,

It is assumed that COVID 19 will be a long-term issue that will require us to adapt to changing conditions.

Any response made now, or in the future, will set a precedent that will be with us for the long-term.

The College crisis response team is active and is moving forward in a most prudent manner. A number of precautions have been implemented to ensure campus safety and the team is planning for all contingencies.

Obstacles to absenteeism for those who have symptoms and/or for those who are in the at-risk category have been removed.

The Crisis Response team and our webmaster, Susan Carlisle, have created a COVID 19 Alert webpage on our MMC website. This will provide you with the latest information regarding our response. It also provides links to State, National, and World health organization websites for your reference. <https://www.martinmethodist.edu/about/covid/19/alerts>

For the College,

Mark

Dr. Mark La Branche
President
Martin Methodist College
433 West Madison Street
