

Office of the President

March 12, 2020

Dear Students,

First, I want to assure you that the staff and faculty of Martin Methodist will do everything in our power to ensure that you have a safe and successful completion to the spring semester. This is a rapidly developing health crisis, but we will adapt accordingly with your safety and success being paramount.

The College will extend Spring Break until March 23rd to help prevent potential spread of the Novel Corona Virus and to prepare for the probable online completion of spring courses.

Residential students are encouraged to stay home. If you need to remain on campus, please notify the Student Life Staff. Dining services will be available for those on campus.

Winter and Spring athletes will receive updates from their respective coaches regarding their sport.

Stay tuned to our website. More detail will follow in the coming days.

For the College,

Dr. La Branche

Dr. Mark La Branche
President
Martin Methodist College
