

Office of the President

March 12, 2020

Dear Colleagues,

Martin Methodist College will extend spring break until March 23rd to help prevent potential spread of the Novel Corona Virus and to prepare for the probable online completion of spring courses.

All staff are expected to report to work. Staff who are experiencing symptoms are asked to stay home.

Faculty will receive direction from Dr. Judy Cheatham.

Students will be encouraged to stay home. For those students who need to remain on campus dining services will be provided. Winter and spring athletes will receive further direction from their respective coaches.

More details will be communicated as we deal with this developing crisis.

Thank you for your patience and for helping to ensure a successful and safe completion to the semester for our students.

For the College,

Mark

Dr. Mark La Branche
President
